

## **AM2 INFORMATION**

The AM2 is a valuable contributor to both the C&G 2351 NVQ3 and to obtaining an **APPROVED JIB** Card. Most Modern Apprenticeship schemes include this as part of their Training Plans, & MA's are expected to take this 2 Day examined practical assessment to complete their apprenticeship.

There are no Written or Multiple choice exams involved in this assessment as it is a **PRACTICAL SKILLS TEST**, however, there are **CRITICAL POINTS** within each assessment, which, if not passed will result in a fail of that unit.

The AM2 is only run at selected Colleges and Centers, and if one is already allocated to an area no other can be given the AM2 provision. These areas are broken into North West, North East, Midlands, etc. The nearest place to take the AM2 to Liverpool City Centre at this point in time is:

**North Trafford College**

**Technology Centre**

**Moss Road**

**Stretford**

**Manchester M32 0XH**

**Contact : Dian McLeod**

**Tel: 0161 886 7071.**

**Cost for 3 day assessment £537.00.**

You can also take a preparation course for the AM2, at a location in Wigan. Dian McCleod will give all the relevant information if requested. Training days available at a Cost for one day of £175.00.
